

## **Intuitive Approaches to Watercolor**

Fabio Cembranelli will guide artists in developing loose and intuitive watercolor techniques enhancing their own personal approach.

### **Workshop Topics:**

- wet on wet techniques using transparent pigments only;
- watercolor painting on damp paper;
- how to take advantage of unexpected things that may happen during the painting process;
- the importance of the white of the paper in watercolor: how to save or restore it;
- fundamentals of composition: how to create a powerful focal point;
- how to capture the beauty and freshness of flowers;
- how to depict the beauty of nature in your artwork;
- light and shadow effects on balconies, gates, windows;
- landscapes: water reflections, skies, flower fields;
- still life: loose effects for fruits;
- color mixing: background colors for florals, green mixing for landscapes,
- how to avoid a muddy mixing;
- how to be successful taking risks during the painting process.

Fabio will paint two or three demos per day followed by individual attention to each participant.

He will also conduct critical sessions every day.
